**DETAILED ACTION**

***Supplemental Action***

***Allowable Subject Matter***

The previous office action for allowance stated claims 1-34 are allowed. The action should have stated claims 1-41 are allowed. The following is an examiner's statement of reasons for allowance:

The closest prior art of record is Hammour et al. (US Pub. No. 2003/0233324), which discloses a declining balance co-ownership financial arrangement.

***Regarding claim 1, 13, 21, and 32:***

Hammour taken individually or in combination with other prior art of record fails to teach or suggest that a conditional remainder purchaser receives ownership interest in the real property only upon receipt of the fee simple interest on the determination date. Hammour teaches joint ownership at the inception of the creation of a relationship between one party providing financing to another party interested in purchasing real estate. Hammour does not teach or suggest a future interest exclusively, but rather teaches a present interest that decreases over a period of time.

***Regarding all other claims***

Since all other claims are dependent upon claims 1 or 13, or 21, or 32, the claims are also found allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
